REPLY TO COMMUNICATION OF DECEMBER 18, 2003

Customer Window, Mail Stop  
Honorable Commissioner for Patents  
U.S. Patent and Trademark Office  
2011 South Clark Place  
Crystal Plaza Two, Lobby, Room 1B03  
Arlington, Virginia 22202

Sir:

The PTO Communication mailed December 18, 2003, states that the applicant's Reply filed September 29, 2003, is deemed "non-responsive as applicant has not provided the places in the specification (column and line) for the amendments." This is believed to be erroneous.

Undersigned, on behalf of applicant, has been unable to find any deficiency in the amendment portion of the Reply filed September 24, 2003. In particular, the amendment to the specification expressly states that the amendment is to "the paragraph bridging pages 1-2...."

Undersigned called the examiner on December 23, 2003, requesting clarification, and this matter was discussed with the examiner who indicated that she also could find nothing wrong.

Based on the oral instructions of the examiner during such telephone conference on December 23, 2003, applicant is filing herewith a duplicate copy of the Reply filed September 24, 2003, which the examiner said would resolve the issue. Applicant is thus proceeding in reliance on such comments of the examiner during the aforementioned telephone conversation.

Applicant respectfully awaits the results of a further examination on the merits.

Respectfully submitted,

BROWDY AND NEIMARK, P.L.L.C.  
Attorneys for Applicant
